

Introduction

The assignment is targeted to test the skills of the candidate in CSS 3.

Objective

This assignment will help master the concepts of CSS 3.

Pre-requisites

Knowledge of CSS

Associated Data Files

Not applicable.

Problem Statement

- 1) Add some animations and transitions to the web page from previous assignment.
 - a. When the user clicks on “SignUp” button, wait for 10 seconds.
 - b. While waiting show the user a progress bar using CSS 3 animations.
 - c. In SignUp window, add transition to all the input elements to expand to certain width and then get back to the original shape.
 - d. Use Box model from CSS 3 on every element possible on the web page.
 - e. Position the navigation bar as fixed so that it will remain visible even after scrolling.
